

The Carrizozo Street Fair Scholarship Application Process

This scholarship program is available for Carrizozo resident who wants to continue their education. Three different scholarships are offered for up to \$1,000 each:

Graduating Seniors -- for students who will graduate from Carrizozo High School this year and need financial help to go on to college. A GED diploma also counts.

Community Service -- for students who will graduate from Carrizozo High School this year and believe they have no chance of getting financial or any other kind of help to continue their education, whether in a trade school or college. It is hoped by 2015 this scholarship will actually be earned by the so-called 'hard luck' student who has the highest number of hours of community service in an effort to 'pay back' to the community for their educational support. A GED diploma also counts.

Continuing Education -- for former Carrizozo students who have gone back to school to get a degree of any kind that will improve their career pursuit opportunity and benefit them as a person. Applications for this scholarship may be submitted annually for continuing support. A GED diploma also counts including home school accreditation that is acceptable for college entrance.

All applicants must have

- A Carrizozo area address;
- Two letters of recommendation (one each from a teacher, relative, friend, community member or employer),
- A statement describing what getting this scholarship would mean to you, and
- Details about community work you have done.

Grade point average is required, but it is not a deciding factor in who gets these scholarships.

**The completed form and information is due BY April 1
to Carrizozo Street Fair, P O Box 644, Carrizozo, NM 88301**
